The docket documents for the U&O FIP are in the I:drive at I:\Restricted Share\U&O FIP

In the technical Support documents folder, UO FIP-Docket Folder.

The appropriate documents are referenced in the footnotes for the TSD and proposed federal register notice. You will have to check the footnotes for the documents. Note that the following documents do NOT need to be in the docket because the footnote provides sufficient information for the reader to find the document (and some are really long);

- 1) published federal register notice
- 2) court case decision
- 3) publically available document – such as reports found on Utah’s website
